PRIMARY EXAMINER

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The examiner respectfully agrees with Applicants' arguments on page 7 of their amendment filed January 28, 2006 stating that the amending of independent claims 10 and 15 to recite the use of a channel which is "generally C-shaped" would overcome fully the prior art rejections contained in the prior Office action filed December 5, 2005; this limitation was also noted in the Interview Summary filed January 17, 2006. Since claims 1-9 were previously allowed, claim 13 (which was also indicated in the prior Office action as containing allowable subject matter) has been rewritten into independent form, and an updated search of the prior art did not yield any other references pertinent to Applicants' claims, it is considered that the application is currently in full and proper condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
